MENLO PARK RECORDER

A PAPER DEVOTED TO THE BEST INTERESTS OF MENLO PARK AND SAN MATEO COUNTY

VOLUME 13 — MENLO PARK, SAN MATEO COUNTY, CALIFORNIA, FRIDAY, SEPTEMBER 11, 1936 — No. 48

A $33,000,000,000 Millstone

By RAYMOND PITCAIRN
National Chairman
Sentinels of the Republic

If a farmer or a business man finds himself deep in debt his first aim is to find some method of reducing it.

That goes for the housewife, too!

All recognize a heavy burden of debt as a millstone around the neck of any individual, or firm, or family that is attempting to keep its affairs on a successful basis.

Moreover, they all know the effective method of solving their problem. It is Economy.

But the politicians, during recent years, seem to think they have found a happier solution. Instead of trying a reasonable economy, they have been turning to a program of increased expenditures, increased extravagance, deeper plunges into the spreading pool of red ink.

This is indicated by the way they have been boosting the Public Debt. It probably explains why the Federal Debt alone has risen steadily from approximately $19,000,000,000 in 1932, to $27,000,000,000 in 1934, and to an all-time high of more than $33,000,000,000 for 1936.

It's an alluring method — to the politicians. But it's less attractive to the farmer and the business man and the housewife, who know that they must pay the debts which politicians create.

And it becomes still less attractive when they realize that public debt is actually an obscured method of adding to our taxes — with the bills marked for a later date — or of piling up a heritage of liens against the future earnings of our children.

But the mere realization of these facts on the part of the public isn't enough. If the farmer and the business man and the housewife want to stop the piling up of bills for them and their children to pay in added labor and added sacrifice and higher prices, they must make the politicians face the facts, too.

A $33,000,000,000 millstone is a heavy handicap for the workers and earners and taxpayers of America to carry along the hard road to recovery.

Mathilde Sturz Bride Of Louis Kaiser

Traditional white satin, fashioned on princess lines, was worn by Miss Mathilde C. Sturz when she became the bride of Mr. Louis Kaiser of Honolulu Monday afternoon at a 4 o'clock ceremony colemnized by the Rev. Ralp Smith at Trinity Episcopal Church in this city.

Attending the bride as maid of honor was her sister, Miss Lillian Sturz, who wore a gown of turquoise blue.

Mr. Robert Sturz, brother of the bride attended the bridegroom as best man, and ushers were two other brothers of the bride, Messrs. Herbert and Charles Sturz. Miss Marion Cummings of Redwood City was soloist and Mrs. G. A. Huebner, also of Redwood City, officiated at the organ.

White calla lilies and asters decorated the church for the ceremony, which was followed by a large garden reception at the home of the bride's parents, Mr. and Mrs. Hans Sturz, in Menlo Park, attended by 65 guests. The bride's table was in all-white, covered with a white damask cloth, with white begonias as the floral decoration and a large bride's cake as the centerpiece.

Guests coming to California from Honolulu for the wedding included Mrs. Herman Lamke and her son, Herman Lemke Jr., and Miss Beatrice Robinson.

For the past six years the bride has made her home in the islands, but returned to the mainland in August, shortly after the announcement of her engagement, made at a reception at the Royal Hawaiian Hotel in Honolulu. After a two-month stay in this state the happy young couple will return to the islands to make their home.

On Monday evening, September 14th in Masonic Hall, in this city, Menlo Parlor, Native Daughters of the Golden West, will hold a card party. Score cards will be 25 cents, and playing will start at 8 o'clock.

L. T. Samuels of the Fairmont hotel, San Francisco, spent the week-end at his Atherton estate.

New Postmaster For Menlo Arrives

Menlo Park's Postmaster, Harry Morey, has been sought in vain all day today, and everyone is wondering why he has gone into hiding. As this paper goes to press is was learned that Mr. Morey is not in a hideout anyplace, but is otherwise occupied. It seems that Menlo Park's new "Postmaster" arrived at 1:30 this morning at the Mills Memorial Hospital in San Mateo.

The genial postmaster of this city is wearing one of those smiles that will never come off, and well he has a right too for he is the father of a fine strapping boy born at 1:30 this morning. The young gentleman weighed 7 pounds and 1 ounce, and has been called Harry B. Morey, Jr.

The proud parents are being congratulated on the arrival of the young man, who will brighten their home as the years go by.

Both mother and babe are reported as doing fine.

Why Snow Melts

Helen Ramsay, shapely Rangerette, cools herself in a snowbank at the Texas Centennial Exposition in Dallas. The snow was brought to the World's Fair from the mountains of Colorado for a snowfight between Rangerettes and Colorado Snowflake girls.

Veterans To Hold Reunion In S. F. September 19

On Saturday evening, September 19th, the men of the First Regiment California Infantry, United State Volunteers in the war with Spain will hold their 38th annual reunion and banquet at the Hotel Whitcomb, 8th and Market streets in San Francisco.

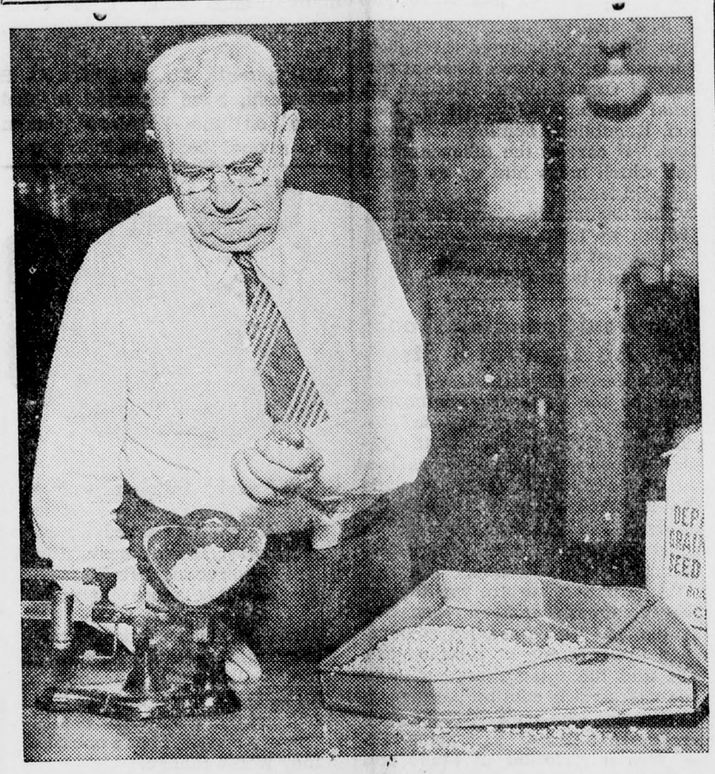
This regiment was one of the three that composed the first exposition leaving San Francisco for Manila in 1898. Of the 1600 men in the organization less than half are new living.

There are a number of men from this regiment living in this vicinity and it is anticipated that all of them will be in attendance

L. E. Harris of the Recorder will be among thoses from here, he having been a member of "B" Company.

Mr. and Mrs. Walter C. Drugg have returned to their house on Creek drive, Stanford Park, which had been rented to Mr. and Mrs. Chilton Bush. Mr. Bush, professor of journalism at Stanford, and his family are now established at 669 Cabrillo street, Stanford campus.

Tests Corn Imported From Argentina



James A. Noble, chief grain sampler of the Chicago Board of Trade, reports first samples of Argentine corn test "excellent." Fifty million bushels, it is estimated, will have to be imported this year, because of New Deal's "scarcity" program.

1,200 Taxes a Day for Average Man

His Wife Encounters 1,500; Roosevelt Administration Adds Many.

CHICAGO.—With federal indirect ("hidden") taxes increased approximately 25 per cent during the Roosevelt administration, there are now more than 1,200 hidden taxes involved in the daily life of the average man, Robert Kratky, director of the tax division of the Republican National committee here, declared. He said there are 300 more in the daily life of the average woman.

"The man's day begins with the alarm clock, on which there is a luxury tax of ten cents, in addition to 30 other hidden taxes," Mr. Kratky said.

"Taxes now take 26 per cent of the cost of underwear, 20 to 40 per cent of the cost of soap and 21 per cent of the cost of razor blades.

"There are 44 taxes on a pair of overalls, 62 on a shirt, 63 on a suit, 53 on a hat, 60 on a tie, 62 on a pair of socks and 63 on an overcoat. Taxes take $3.53 on an $18 suit, 59 cents on a $3 hat, 20 cents on a $1 tie, 7 cents from a 35 cent pair of socks and $5 from a $25 overcoat."

At the breakfast table, Mrs. Average Man can help her husband count.

"Fifty taxes take 2 cents from a dime loaf of bread," said Mr. Kratky. Sugar's 43 taxes represent 23 per cent of the cost. A 35 cent pound of meat would have cost only 28 cents, but for 38 taxes.

"With this drain on the family income, the living struggle has become more burdensome day after day under the Roosevelt administration."

COUNTY PUBLISHERS TO MEET MONDAY NIGHT

The San Mateo County Press Association, comprising all of the newspapers of general circulation in the County of San Mateo will hold its regular monthly dinner-business session next Monday evening, at Uncle Tom's Cabin, San Bruno, with Mr. and Mrs. Harry Elston of the San Bruno Herald as host and hostess.

The San Mateo County Press Association has done much for this county in the way of publicity and is outstanding among all county associations in the state.

This association is a unit of the California Newspaper Publishers Association, and is considered one of its best units. Through the California Association, which maintained an exhibit at the State Fair at Sacramento, the newspapers of this county received a very prominent place in an attractive exhibit.

Fiesta Pageant Plans Are Now Completed

With stage setting and lighting effects already planned, the pageant which will be a nightly feature of the October 8-11 floral fiesta at Bay Meadows is rapidly taking form and bids to be one of the most colorful events at a show whose very essence is color.

Fred Carlyle, director of the pageant, which this year will have an oriental theme, announced that 300 persons chosen from all over San Mateo county will take part in the mammoth production which will tell the beloved and familiar story of the beautiful princess who searches for a lover worthy of her hand.

Duration of the pageant, which will have a dazzling floral background, will be 45 minutes.

"There is no doubt in mind," said Martin Poss, fiesta manager, "that this year's pageant will be one of the most colorful events of its kind ever staged in an exposition of like size in the history of California."

Carlyle, who has spent the past week interviewing high school and junior college officials on the parts their students will play in the pageant, said that he would announce names of his star performers as well as names of the rest of the large cast at a later date.

"We will have group representation from every city and unincorporated section of San Mateo county," Carlyle said. This will make the pageant a peculiarly county-wide production, tying the whole county into a united effort.

Meanwhile the fiesta commission is continuing its organization meetings in various sections of the county. One of the latest was in Redwood City where a large group gathered under the chairmanship of Mrs. F. M. Perkins of Redwood City to hear reports by committee chairman. Next public meeting of the commission will be September 15 at the Half Moon Bay Inn.

MRS. CHARLES KOHNEN RECUPERATES AT WILD HOME

Mrs. Charles Kohnen, daughter of Mr. and Mrs. Carl "Pop" Wild of this city, is at the home of her parents recovering from an emergency operation which she underwent at the Palo Alto Hospital.

Her friends are very pleased to know that she is regaining her health and strength rapidly.

Among local people who attended the circus in Palo Alto Wednesday evening were Mrs. Martin, Mrs. Isabelle Lindquist and daughter and many others.

Police Department Reports Cooperatian

According to reports from the local police department, the requests that a clean-up be made of all the back yards and parking strips and that the parking limit be observed in the business district, have both met with the whole-hearted cooperation of both the public and the business people of the city.

It has been pointed out that this city has everything that is beautiful that nature can supply, and all that is needed to complete the picture is for its residents to observe the laws to make it the best place on earth in which to live.

The City Council, the Police Department, Fire Department and Planning Commission are all doing all that is possible to improve the scenic beauty and health conditions, and to promote the safety of the public, all with an eye single to making Menlo Park the best place on earth.

The public is urged again to assist in this matter in every way possible.

Baby Rain Maker

Little Dorothy Faye Terrell, aged 4, visited the Texas Centennial Exposition last week. She came from Plainview where it had not rained for a while. Confidently she carried her umbrella with her. It rained on Centennial crowds.

"Sunflower Salad" Is Campaign Dish

KANSAS CITY, MO.—Even a luncheon dish can come out for Gov. Alf M. Landon for President. Mrs. Thomas Coyle, of 4144 Locust street, delights Republican guests by serving her "Sunflower Salad". Here's her recipe:

Dice contents large can "fruit salad" and drain into bowl. Remove rind from two oranges, cube and add to fruit. Add juice of one lemon to fruit juices.

Add juices and required amount of warm water to contents of two packages of gelatine, stirring mixture till clear. When almost set, add fruit. Mold mixture in shallow sauce dishes.

Unmold on lettuce leaves. Around each mold place sliced canned peaches for sunflower petals. Chopped dates and pecan meats, moistened with mayonnaise to make a paste, form the center (which should be big enough to look like a sunflower and not a daisy, says Mrs. Coyle). Garnish with mayonnaise and vote for Landon and Knox.

Wallace Writes for G. O. P.

Chicago.—Daniel A. Wallace, uncle of the New Deal secretary of agriculture, is writing a series of articles for the farm and lay press, as a member of the farm division of the Republican National committee here.

E. E. QUAYLES RETURN TO THEIR HOME IN MENLO

Mr. and Mrs. E. E. Quayle, who left last May for England on an extended trip, returned to this city Monday. They spent the summer in England, Scotland, Wales, and their native Isle of Mann. They reached the island in time for the national holiday of Manxmen, July 5.

Before leaving England, they discovered that preparations for next year's coronation included the buying up of most of the hotels by American speculators.

Mr. and Mrs. Quayle are well-known in Menlo Park, where they have resided for many years. Before leaving for Europe Mr. Quayle conducted the Peralta Pigeon Farm. The many friends of the popular couple are congratulating them on their return to this city.

Gov. Landon's Letter Cheers Sick Youth

CHICAGO, ILL.—A fellowship of experience between Alex Oskirko, 17, and Gov. Alf M. Landon, Republican nominee for President, has eased the long days on a sickbed for the boy.

Alex was injured in a football scrimmage, osteomyelitis set in and now he is a chronic invalid, subject to continual pain. Gov.

ALEX OSKIRKO

Landon heard of the case in conversation with a friend. As a result, Alex got this letter:

"Dear Alex: Just today I learned of you. I want you to know that you have my deepest personal admiration for the magnificent fight you are making to regain your health and strength.

"You may have heard that, as a boy, I too suffered an accident in a football game while a student in the Marietta academy at Marietta, O. While not as serious as yours, that accident forced me to give up football playing.

"Keep your chin up, old man, and let's look forward to the day when you are strong again and we can sit down together and talk over the game of football.

"Alf Landon."

Peninsula Horses Win At State Fair

SACRAMENTO, Septembed 10.—Two peninsulans were among prize winners at the Sacramento State Fair this week where over 100,000 persons milled through the fair grounds despite sizzling temperatures.

Ed Perry of this city saw his "Park Axworthy" receive a blue ribbon in the class for standard bred stallions, while Mrs. Gerald Gay of San Mateo watched "Hop It," thoroughbred mare, win her division.

Total visitors during the first two days was 151,455, inviting predictions that the 500,000 estimate for the fair's total attendance, a figure never before attained, would be shattered.

Opinions expressed by those who have attended the State Fair at Sacramento, are that the State Fair far exceeds, in beauty and educational value, either the World's Fairs at Chicago or San Diego.

Miss Betty Jean Berlin, a former Menlo Park girl, now living in San Francisco, spent the holidays wiith her aunt, Mrs. E. Harms, in this city.

Millions Honor Landon on His 49th Birthday

TOPEKA, KAS.—"Landon day" was celebrated for the first time on September 9 by millions of Americans who expect that Alf M. Landon, governor of Kansas, will be the next president of the United States.

It will be the 49th birthday of Alf Landon, Republican nominee for president and governor of Kansas, a "typical prairie state." In the nation - wide Landon celebration many friends and admirers in Pennsylvania, the state of his birth, and Ohio, where he spent his boyhood, sent greetings to Gov. Landon.

The Republican National Committee celebrated the day by issuing a new Landon campaign poster. This will be distributed throughout the country. It shows a recent portrait of Gov. Landon. Besides the usual heading, "Gov. Alf M. Landon, Republican nominee for president," it carries the following caption which holds him up as a new national leader:

"That leadership along the trail,
Which we have loved long since,
And lost awhile,
Has come to us again."

New Deal Spending Would Buy All Land in 3 States

KALAMAZOO, MICH. — Money spent by the Roosevelt administration this year is enough to purchase, at $100 an acre, all the 36,000,000 acres of land in Michigan, the 24,000,000 acres in Indiana and the 35,000,00 acres in Wisconsin, David W. Davis said here in an address before the Kalamazoo County Republican club.

"As a nation, we are wealthy beyond the dreams and comprehension of man but we cannot yet comprehend the meaning of a billion dollars and the least appreciation of this vast sum is held by the men in Washington who are distributing the taxpayers' billions," said the speaker, former governor of Idaho and assistant secretary of the interior during the Coolidge Administration.

Sin to Destroy Food

To destroy food and raiment is a sin, and the Bible tells you so. Listen to Proverbs, 28th chapter, 19th verse: He that tilleth his land shall have plenty of bread; but he that followeth after vain persons shall have poverty enough.—The Southern Farmer.

FORMER MENLO SCHOOL MASTER SAILS FOR EUROPE

John Blackman, a Stanford graduate and member of the Menlo School faculty will sail on the 17th for Europe, planning to study languages at the Sorbonne for a year.

Last year Mr. Blackman was in charge of the journalism work for the Menlo School, and very ably supervised the publishing of the "Menlo School Record," which was published from the plant of the Menlo Park Recorder. He made many friends while at the Menlo School, who wish him every success.

His parents, Mr. and Mrs. O. H. Blackman, have returned to their home on the Stanford campus after several months in Palo Alto.

Freight trains nowadays act like express specials. New freight schedules are so fast, I sometimes wonder if everything has to be delivered day before yesterday.

•

Many of our passenger trains are running faster schedules, too. Well, one thing is sure. We make faster runs, but the first railroad commandment is still "Safety First." That's one rule they won't change.

•

Western railroads and allied industries provided jobs for 750,000 workers last year. Some of them live in our town. Good neighbors.

•

Passenger fares are now the lowest in history with substantial reductions on round trips. And no more surcharge for riding in sleeping cars.

•

This Free pick-up-and-delivery of less than carload freight—I heard some traveling salesmen talking about it on the train yesterday. They said it saves shippers a lot of money and centers all responsibility on the railroad. The railroad picks up the freight at shipper's door and delivers it at receiver's door. Of course, the local delivery men get the haul from door-to-car and car-to-door at both ends. But the railroad handles the whole transaction.

•

When railroads are busy, I notice towns along the railroad are prosperous. The merchants put more ads in the newspapers.

•

We are proud of railroad achievements, appreciate the public's good will and increased patronage, and pledge continued progress.

Players Learn With The American Boy

Boys and young men who want to improve their crawl stroke, their basket shooting, their hurdling, or their ball carrying, can enlist the aid of the nation's foremost coaches and players by subscribing to THE AMERICAN BOY magazine and following the sports interviews and fiction stories that appear each conth.

For the coming year staff writers have gone to two of the greatest football teams in the country— Minnesota and Southern Methodist — for first hand tips on strategy, blocking, ball carrying, passing, and the fine points of line play. They have written the story of Bobbie Wilson, All-American halfback.

The have interviewed famous track coaches like Bernie Moore and Bob Simpson. Have gone to the University of Oklahoma to learn how college champions wrestle, to Notre Dame for the story of the building of a great basketball team. They have sought out famous baseball players, swimmers, tennis champions and All-American backs, to get their story of how to play the game.

AMERICAN BOY fiction is jammed with instructive background details telling how to play a better game. And the rest of the magazine is jammed with adventure, exploration, vocational help and articles vital to boys.

Ohio State University's track head coach of the famous sprinter and low hurdler, Jesse Owens, and himself a former hurdling star, first learned to hurdle from articles in THE AMERICAN BOY. "I used to cut out hurdling pictures and duplicate them in front of a mirror. Then on the track I'd follow that form."

Today thousands of future champions are just as eagerly following THE AMERICAN BOY. Send your subscriptions to THE AMERICAN BOY, 7430 Second Blvd, Detroit, Mich. Enclose with your name and address $1 for a year's subscription, $2 for three years, and add 50 cents if you want the subscription to go to a foreign address. On newsstands 10 cents a copy.

CLEAN BRAKES

Brakes should always be kept clean and free from road dust and other foreign substances. If such accumulations are allowed to gather on the braking surfaces and brake mechanism they will absorb oil from the brake joints and eventually reduce braking efficiency.

DRAGGING BRAKES

Dragging brakes are sometimes caused by weak return springs on the brake shoes, or brake anchor pins that have not been properly lubricated. When this condition exists the brake lining wears rapidly and there s usually a noticeable reduction of gasoline mileage.

INVESTIGATE NOISES

Any unusual noise about the engine should be promptly investigated, A squeak or rattle that comes at regular intervals may be located in one of the revolving parts; if not regular, it may come from non-revolving parts, such as springs or brakes.

CARBURETOR SCREEN

The screen in the carburetor air cleaner should be removed and cleaned thoroughly at least once every 5,000 miles.

"Cactus Jack" Welcomed Home

Twenty thousand cheering Texans greeted "Cactus Jack" Garner, vice president of the United States, when the Texas Centennial Exposition in Dallas celebrated his home-coming recently. The Vice President is shown with Governor James V. Allred of Texas as they entered the Exposition Cotton Bowl.

Tiny Horse Has Giant Godfather

"Tinymite," smallest horse in the world, was christened at the Texas Centennial recently. The 21 pound pony was chosen mascot for the Southwestern All Stars in their game against the Chicago Bears at the Exposition. "King," 2,400 pound Clydesdale international champion, one of the biggest horses in America, acted as godfather. He is owned by Thomas E. Wilson, Chicago packer. Ann Combs, who named "Tinymite," is shown holding him in the picture.

Grape Festival To Be Held At Lodi

Focusing attention upon the rapid return to world prominence of California's grape and wine industry, the third annual Northern Wine Festival wil be staged in Lodi, September 18 to 20.

Cooperating with Lodi in making the forthcoming celebration San Joaquin County Grape and the "biggest and best" in the community's history are the towns of Acampo, Woodbridge, Victor, Clements, Lockeford, Youngstown and other grape and wine producing districts of the county, according to announcement made by C. S. Jackson, general chairman of the festival committee.

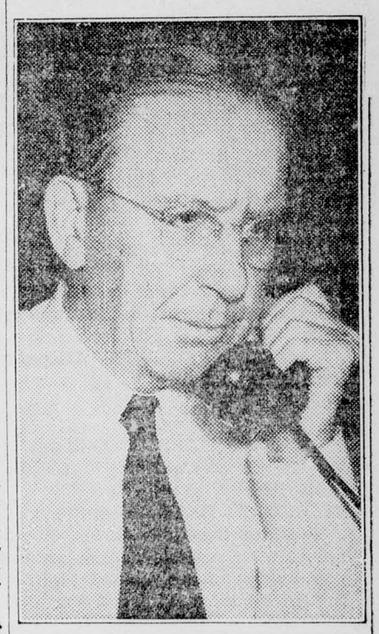
Special features of the celebration will include practical demonstrations of wine making, exhibits of choice grapes, spectacular street parades, ar electrcal water pageant, air circus, athletic events and carnival attractions.

Scores of the districts prettiest girls have entered the "queen" contest and keen rivalry is marking the race for the honor of ruling over the tree-day fete.

Lodi, famed as the home of the flame tokay grape, is also known as one of the largest wine producing sections of the world. Practically the entire output of tokay grapes in this country comes from vineyards within 30 miles of Lodi, the records show.

The Lodi district boasts more than 40 wineries, with a total annual production exceeding 20,000,000 gallons. One of these wineries with a capacity of 6,000,000 gallons is declared to be the largest in existance.

Heads World Fair



Harry Olmsted, for quarter of a century prominent in Southwestern business and civic affairs, is the new head of the Texas Centennial Exposition. He succeeds to the leadership of the $25,000,000 world's fair following the recent death of William A. Webb, general manager. Mr. Olmsted was for twenty years a director and for five years president of the State Fair of Texas.

Talking Fish at Expo

DALLAS, Tex.—Now it's the talking catfish.

Two of this type of catfish were received recently at the Texas Centennial Exposition Aquarium.

They won that cognomen because of the peculiar noises they make when they are taken from the water.

The fish were discovered in the Amazon river, and procured by the Aquarium from a New York importer.

Dental Advertising May Be Permitted In Northern State

Eugene, Ore. Sept. 10. —(C.N.P.A.) The primary purpose of one of the measures on the Oregon ballot in the November election is to permit dentists to advertise their prices guarantees and qualifications, it was stated here today by Dr. S. T. Donohue, Eugene dentist who instituted the bill.

The measure is titled "constitutional amendment forbidding prevention or regulation of certain advertising, if truthful."

"Because this is a general election year," Dr. Donohue said, "and most of the interests centers in the presidential race, I wish to make clear, before the excitement of the political battles completely blots out other consiedrations, my purpose in instituting this constitutional amendment.

"The prime purpose of the bill—or rather, the first noticable change it wil effect—is nullification of the 1933 dental advertising law, which forbids any dentist advertising his prices, his guarantee of work, his years of experience, or his superiority over any other dentist.

"I have always been an advertising dentist, and naturally I feel that the 1933 law is unfair. However, that is only the first reform the bill will bring about.

"It will prevent any future legislature from extending this type of legislation to other professional fields. For instance, if the amendment goes through, a bill such as the cosmetics bill, which died in committee, but which was copies directly from the dental law, could not be enacted.

"I want it understood, however, that this amendment condones truthful and legal advertising only. The inclusion of the word 'truthful' and the word 'certain' will prevent any attempts at license in place of liberty in the advertising field."

Gov. Alf M Landon

A striking likeness of the Republican candidate for President is this new crayon portrait, heretofore unpublished, the work of Artist Alfred Panepinto.

Digest Poll Gives Landon 2 to 1 Lead

Washington.—Gov. Alf M. Landon leads President Roosevelt by more than 2 to 1 in the first returns from the Literary Digest presidential poll.

Maine, New York, Pennsylvania and New Jersey gave Landon 16,056, President Roosevelt 7,645, William Lemke, third party candidate, 754, and Norman Thomas, socialist candidate, 109 votes. Four other candidates received 125 scattering votes.

Of the 24,689 total votes reported, 2,714 for Landon were from persons who had voted Democratic in 1932, while only 1,407 for Roosevelt came from voters who then favored Hoover. The Lemke candidacy is taking four votes from Roosevelt to one from Landon, returns indicated.

In all Christian Science churches, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass., a Lesson-Sermon will be read Sunday, September 13, on the subject "Substance."

The Golden Text will be: "Now faith is the substance of things hoped for, the evidence of things not seen" (Hebrews 11: 1). Bible selections will include the following passages from Proverbs 8: 12, 14, 20,, 21: "In wisdom dwell with prudence, and find out knowledge of witty inventions. . . . Counsel is mine, and sound wisdom: I am understanding; I have strength . . . I lead in the ways of righteousness, in the midst of the paths of judgment: That I may cause those that love me to inherit substance; and I will fill their treasures."

A passage from the Christian Science textbook, "Science and Helath with Key to the Scriptures" by Mary Baker Eddy, will also be included, which reads as follows: "When undertsanding changes the standpoints of life and intelligence from a material to a spiritual basis, we shall gain the reality of life, the control of Soul over sense, and we shall perceive Christianity, or Truth, in its divine Principle" (p. 322).

EYES need PROTECTION, TOO!

Don't TAKE A CHANCE ON POOR LIGHTING!

EYES are like traffic police that tell us when light is weak or good, glaring or diffused as daylight. If your eyes squint, for example, don't neglect this warning. For squinting is often a telltale signal of poor lighting.

Guard your children's sight and your own, with better light. Whether it is for study, playing games, reading or sewing, make sure there is plenty of light, free from glare and well diffused throughout the room and not just parts of it.

Remember, better light is one of the best preventives of eyestrain, headaches and defective vision. Don't take any chances with improper lighting in your home. Ask for a free check-up of lighting conditions in your home today. There is no obligation.

- *Would you like to know whether your table and floor lamps give enough light for safe seeing. You may have your lighting checked by one of our home lighting representatives without charge or obligation. You are entitled to this free service. The information you obtain will be invaluable in rearranging your present lamps or selecting new ones in the future.*
